Veterinary Custom Printed Whiteboards

Founded in 1966, Magiboards is a proven manufacturer of whiteboards, custom printed whiteboards and industrial stands.

Now manufactured in Broomall, PA to the exacting standards in place in the UK

Veterinary whiteboards help keep your practice on track. Veterinary offices have very similar needs for animals as a doctor's office or hospital has for people. The big difference is that the patients in veterinary offices are not able to verbally communicate information or needs to the doctor. Because of the communication barrier, animals often need more attention, care, scheduling, and training than people.

It is imperative that the veterinary doctors and the staff need to be able to communicate more closely with each other. Efficiency avoids mistakes, therefore giving the best possible care. Our well-designed custom printed dry erase boards let your staff, specifically, see and control details about each patient.

A custom printed veterinary whiteboard will help organize and prioritize pet examinations, surgeries, and schedules. We know that each veterinary office has different needs and, concurrently, need to track different information. Each board is specifically designed for you.

Contact us to talk about which whiteboard size and graphics would work best for you. Our custom printed veterinary whiteboards can be magnetic or non-magnetic. We can add logos, watermarks, and pictures therefore making it your own design. Our design team works with you to develop a custom printed whiteboard that captures your special information to echoes your branding.

Wall Mount / Glassboards

Custom Printed Dye Sublimation Whiteboard

Our Dye-Sublimation printing process embeds the image into the whiteboards surface for a permanent image. This process creates a high-quality surface which can stand-up to constant use and cleaning. There is no chipping or fading.

WHITEBOARD FEATURES

- Custom printed boards are an ideal way to track information visually.
- Visually superior: Bright, glossy, clean appearance. Contrast of board makes it better choice for presentations, etc. Graphics pop off the board!
- Extremely versatile: Magnetic surface operates as a bulletin board area for additional visual communication. Accepts magnetic accessories.
- Anodized Aluminum Trim: Gives the board a sleek, clean, finished look.
- Includes: Mounting brackets, hardware, and easy-to-read instructions provided.
- Virtually unlimited sizes available!

Changeable Glassboards

Because they are durable yet elegant, our changeable dry erase glass boards will elevate your space to a new level of refinement and accuracy. Ghosting or staining becomes a thing of the past with these glass boards. The ease of erasing on the glass is a huge benefit. The mounting hardware allows for the glass board to stand off the wall using 4 simple mounting anchors. The sleek modern appearance with a frameless edge will complete your room with an air of unmistakable style.

GLASSBOARD FEATURES

- Lightweight inserts that are easy to install.
- Plain white insert included. Printed inserts available.
